

DGS Media Kit 2019

40 Years of Expert Knowledge – The German Association for Solar Energy

SONNENENERGIE is Germany's longest established magazine for renewable energies. It is the official publication of the Germany Section of the International Solar Energy Society (ISES), DGS for short.

Since over 40 years, the DGS is the largest scientific and technical organisation of professionals of the German renewable energy sector.

Circulation and Readership

SONNENENERGIE has 4 issues per year, and a circulation of 6,500 – 7,500 copies. Professionals, executives and senior managers from all pertinent energy efficiency and renewable energy-related fields have subscribed to this periodical. Editorial expertise and objective content contribute to the strong reader loyalty.

Single copies of **SONNENENERGIE** can be purchased in approx. 300 newspaper stands all over Germany, and there also is a digital version to subscribe to.

Bonus-Circulations

Being a media partner to most of the major conferences and exhibitions of the renewable energy industry, **SONNENENERGIE** has bonus circulations on many sites. Please see a list of the most relevant bonus-circulations in the calendar on page 2.

Advertising

Your advertising in **SONNENENERGIE** reaches the key decision-makers who matter to your business. In terms of target audience, this means installers, skilled crafts and traders, engineers, architects, and as well investors read this magazine regularly and in depth.

Vacancy Adverts

A large number of students, trainees and the course participants of the 11 DGS-Solar Schools all over Germany, as well as university lecturers and professors are subscribers to **SONNENENERGIE**. Your vacancy advert in **SONNENENERGIE** reaches Germany's young professionals of the future, and as well skilled researchers and engineers in leading positions.
